Vision:

The visionary goals are the lofty objectives that the firm's management decides to pursue. This vision describes some milestone that the firm will reach in the future and may require a decade or more to achieve. In contrast to the core ideology that the firm discovers, visionary goals are selected.

These visionary goals are longer term and more challenging than strategic or tactical goals. There may be only a 50% chance of realizing the vision, but the firm must believe that it can do so. These goals should be challenging enough so that people nearly grasp when they learn of them and realize the effort that will be required to reach them.

KVIT's visionary goals:

- **Target** – Best Open-source Solution Provider In DELHI-NCR
- **Competitor** - Very Few Player In The Industry
- **Role model** - To become like another firm in Indian industry or market.
- **To convert the solutions given to the customer into revenue.**
- **Get rid of Microsoft monopoly.**

Mission:

To offer the real time digital communication solutions by exploring , advancing & excelling all available technologies like Email, SMS & VoIP, VPN etc. Minimizing the wastage of customers' valuable time by suggesting & consulting the best available solution at reasonable rates.

In brief:

- Excellent customer service
- Pioneering technology
- Creativity
- Integrity
- Social responsibility

Our People:

We are close-knit organised team that consists of drive, dynamic and talented achievers. Among us are certified professionals in opensource, specialist in object oriented programming languages and analysts with strong mathematical background. We always press on developing innovating solutions and learning new technologies. We can implement the most advanced computer technologies as well as develop new ones.
